Story: The Adventure in the Forest

One sunny day, two friends, **Aria** and **Ben**, decided to explore the nearby forest. They packed their bags with snacks, water, and a map of the area. The forest was known for its tall trees and beautiful flowers. As they walked deeper into the forest, they heard birds singing and saw animals like squirrels and rabbits hopping along the path.

After a while, they reached a clearing with a sparkling stream running through it. Aria pointed to a big rock near the stream and said, "Let's sit here and have our lunch." They sat on the rock, ate their sandwiches, and enjoyed the peaceful surroundings. While resting, they noticed a butterfly fluttering nearby. Ben said, "Look at the butterfly! It's so colorful." Aria agreed, saying, "Yes, it's beautiful. Nature is so amazing."

Soon, they decided to head back home. As they walked out of the forest, they promised to come back the next weekend to explore more. It was an adventure they would always remember.
