

DesignVerse 2025: Round 2 Submission – Portfolio Building Rationale Participant:
Phalgun SharmaTheme: Personal Finance TrackerSubmission Platform: Unstop and
Wooble.orgDate: June 18, 2025 Rationale (50–100 words) My Wooble portfolio
(wooble.org/u/phalgunsharma) mirrors the Personal Finance Tracker’s green-white
aesthetic, reinforcing theme consistency. It includes a professional bio, NIT Silchar
education, and skills (Figma, UI/UX design). The Round 1 landing page is showcased
under “Proof of Work” with a 75-word description emphasizing student-focused features.
Public visibility was ensured by testing in incognito mode, overcoming initial access
issues. The portfolio enhances my professional image through cohesive branding, clear
visuals, and a narrative highlighting my ability to design intuitive financial tools,
making it recruiter-ready and aligned with the challenge’s objectives. Word Count: 96
Portfolio Description (for Wooble.org “My Journey So Far”) Phalgun Sharma, a B.Tech
student at NIT Silchar (2021–2025), specializes in UI/UX design for student-centric
solutions. My DesignVerse 2025 Personal Finance Tracker projects include a landing
page and interactive dashboard. The landing page drives engagement with a green-white
design, bold CTAs, and testimonials, while the dashboard offers expense tracking,
budget management, and motivational savings goals. Built with WCAG 2.1 accessibility
and usability principles, these projects demonstrate my commitment to empowering
students with practical, engaging financial tools. Word Count: 80
